MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Inspector General's Survey of Industrial Security, September 1965

1. This memorandum is for information only.
2. A review of the Inspector General's report on Industrial Security has been completed. The report is an excellent document. It identifies the problem areas and contains many valuable suggestions which will make the overall implementation of a program much easier.
3. Attached are my comments on the recommendations of the Inspector General. Specifically, I concur with the recommendations that the Deputy Director for Support seek authorization from the Deputy Director of Central Intelligence to assume responsibility: (a) for developing and publishing uniform doctrines, standards and procedures for the establishment and maintenance of security of contractual arrangements; (b) for placing contract security matters under continuing and centralized cognizance; and (c) that the Deputy Director for Support delegate this responsibility to the Director of Security. A request to the DDCI to obtain the above authority will be submitted separately.
4. You will note in the attachment that we have indicated our non-concurrence on I. G. Recommendations No. 5(e) regarding the merger of two Branches within the Office of Security and No. 10(a) and (b) regarding the transfer to the Department of Defense of CIA's responsibility for security review and inspection of certain DOD contractors involved in a sensitive interdepartmental activity. Our reasons for these non-concurrences are contained therein. In connection with Recommendation No. 5(e), we suggest it may be more appropriate to proceed with the establishment of the Industrial Security Program during which adequate reviews of the clearance procedures will be

made resulting in the appropriate action to satisfy the requirement of this recommendation.

5. With regard to Recommendation 8(a) and (b), it is felt that this is a matter for consideration and action by the DD/S&T. All other recommendations are accepted and can be considered as an excellent guide to assist in the implementation of a purposeful and realistic Industrial Security Program.

6. This response has been prepared in coordination with representatives of the DD/S&T. It is now being coordinated with DD/I and DD/P who have minimal relationship with industrial security matters. When coordination has been completed an action paper to implement the recommendations will be submitted for approval.

- \*DD/S&T concurs with the understanding that the implementation of several of the recommendations with which the DD/S has concurred-- particularly Recommendations 1.a and 1.b, 2.a and 2.b, 3, and 5.d--will require close coordination and consultation with this Directorate. Comments on Recommendation 8 are attached as a separate document. Comments on recommendation 10 (copy attached) were submitted to the Executive Director-Comptroller by [Redacted] Director of Reconnaissance, CIA on 1 December 1965.
